# WWF PRINCE BERNHARD SCHOLARSHIPS FOR NATURE CONSERVATION

**Year 2011**

## INFORMATION FOR APPLICANTS

### INTRODUCTION

A major constraint facing conservation efforts is the shortage of technical and professional capacity at the local and national levels. By supporting environmental education, WWF hopes to foster local conservation leadership, enhance local involvement in work to protect the environment, promote partnerships for conservation amongst a range of stakeholders, and help reinforce the impacts of the WWF conservation programme.

The WWF Prince Bernhard Scholarship Fund for Nature Conservation was established in 1991 in honour of WWF's Founder President, the late HRH Prince Bernhard of the Netherlands. The goal of the Scholarship Fund is to help build the next generation of people who will become the conservation leaders of the future.

**“The investment in people, I think, is one of the most promising ways in which we can contribute to the future success of conservation.”**

*HRH Prince Bernhard of the Netherlands*

The Prince Bernhard Scholarship Fund is administered by WWF International in Gland, Switzerland.

### OBJECTIVES

The aim of the WWF Prince Bernhard Scholarship Fund (PBS) is to provide financial support to individuals wishing to pursue **short-term professional training or formal studies** that will help them contribute more effectively to conservation efforts in their country. As a priority, PBS supports mid-career training for those working in the field of conservation and associated disciplines directly relevant to the delivery and promotion of conservation (i.e. media, law, education). Applications are encouraged from those seeking to build skills in specific subjects that will enhance their contribution to conservation. In particular women, and people working for non-governmental or community-based organizations, are encouraged to apply.

## GENERAL INFORMATION

- ❑ In completing the application form, candidates are asked to confirm that after completion of their studies, they will return to their region to resume their involvement in conservation work.
- ❑ The Prince Bernhard Scholarships are for studies or training **lasting one year or less**. Multiple-year studies, e.g. two or three-year BSc or MSc courses, **will only be considered if the candidate is applying for support for the last year of studies**.
- ❑ **Study or training to be initiated no earlier than 1 July 2011 and no later than 30 June 2012.**
- ❑ **The application deadline is 11 January 2011 to reach the candidate's nearest WWF Office.** Applications received after this date will not be accepted.
- ❑ Only nationals from Africa/Madagascar, Asia/Pacific, Latin America/Caribbean, Eastern Europe, Middle East or Mediterranean will be considered, including WWF staff or candidates working as partners with WWF.
- ❑ The **maximum amount for any one scholarship under this award scheme is Swiss Francs CHF 10,000**. An application for a PBS scholarship in excess of this amount will not be considered.
- ❑ The financial support provided through the PBS may be used to pay for course fees, travel and living expenses whilst studying, or a combination of these. Funding requests to cover the costs of attending a conference/congress, purchasing a personal laptop/printer or other personal items will not be considered.
- ❑ **Applicants must provide written evidence from the relevant institution that they have been accepted** on the course or training programme for which support is requested. Preferential consideration is given to people seeking support for study in their own country or region.
- ❑ **All applications should be made on the standard application form (pages 7 to 13 of the present document)**. This form is available on the WWF website at [www.panda.org/scholarships](http://www.panda.org/scholarships) or from a WWF Office/Associate or WWF International. Photocopies of this form are also acceptable. Please complete the form **in English only**.
- ❑ The PBS Selection Committee will **only consider applications that have passed the initial screening by the WWF Office or Associate Organization to which the application was sent**.
- ❑ All recipients will sign a contract with WWF outlining the terms of the scholarship funding.
- ❑ Upon completion of the course, the scholar will provide a final report on the activity undertaken and how it was conducted, with an itemized account of the use made of the funds.
